RECOMMENDATIONS

Dr. David Gurevich guided the group of 45 Ph.D. candidates, students members of the European Association of Biblical Studies, on their tour to the Dead Sea area on March 30th, 2023. The tour took place after the EABS Graduate Symposium in Jerusalem 2023.

It is my honor to recommend Dr. Gurevich as a wonderful guide who is flexible and ready to guide even the most advanced groups. The group required special guidance due to its extensive knowledge of archaeology, Israeli history, and the Bible. Dr. Gurevich not only answered every question but also went beyond the expectations. This tour was more of a workshop than a traditional tourist tour. We were astonished by Dr. Gurevich's professionalism, flexibility, and sense of humor. As the EABS Graduate Student Representative, I would like to express my gratitude for our tour with Dr. David Gurevich whom we also invited for the EABS Juniors Researcher Meeting as a special guest.

As a reference based on the very positive feedback from the members of the group, I am pleased to recommend Dr. David Gurevich as a guide to students who would like to spend time in Israel with a professional scholar for a real workshop experience.
